

## Targeted Intervention Programme

With the Collaboration and support with Jharkhand State AIDS Control Society (JSACS), Our Organization is running Targeted Intervention Program (TI) in the Chaibasa District since the year 2011-12. Presently we are working on the two wing i.e. Men who have Sex with Men (MSMs) and Female Sex Worker (FSWs). The target population of MSMs and FSWs are 350 and 350 respectively.

It is estimated that more than 90% of HIV transmission in India is related to unprotected sexual intercourse or sharing of injecting equipment between an infected and an uninfected individual. Not everyone in the population has the same risk of acquiring or transmitting HIV. Much of the HIV transmission in India occurs within groups or networks of individuals who have higher levels of risk due to a higher number of sexual partners or the sharing of injection drug equipment.

These **core high risk groups** (HRGs) of individuals who are most at risk include:

- Female sex workers (FSWs)
- High risk men who have sex with men (MSM), and transgenders (TGs)
- Injecting drug users (IDUs)

The broader transmission of HIV beyond these HRGs often occurs through their sexual partners, who also have lower risk sexual partners in the “general” population. For example, a client of a sex worker might also have a wife or other partner who is at risk of acquiring HIV from her higher risk partner.

Individuals who have sexual partners in the highest risk groups and other partners are called a “bridge population”, because they form a transmission bridge from the HRG to the general population. This is shows how HRG members or HRGs have many sexual partnerships with different bridge population members, who in turn have at least one partner in the general population. Given this pattern of epidemic transmission, it is most effective and efficient to target prevention towards HRG members to keep their HIV prevalence as low as possible, and to reduce transmission from them to the bridge population.

### TI Staffs Details

S. N.	Name	Post	Contact No.
1.	Chandra Deo Singh	Project Director	9431389184
2.	Jitendra Kr. Sharma	Project Manager	7979081848
3.	Gouri Samad	Counsellor	6299275596
4.	Vivanshu Kumar	M & E cum Accountant	9430733202
5.	MujiyaJarika	ORW	6203938723
6.	Madhav Chandra Kunkal	ORW	9162977280
7.	JemaSundi	ORW	6203179264
8.	BahalenSundi	P.E. - 1	9102972870

**Project Achievement During the Year 2020-21**

Sl. No.	Activities		Target	Achievement
1.	Registration of HRG,s	MSM	400	438
		FSW	400	443
2.	New Registration	MSM	70	
		FSW	66	
3.	HRG's >5 Years Exposer with the TI	MSM	290	
		FSW	292	
4.	Syphilis Screening	MSM	475	
		FSW	472	
5.	Syphilis Testing	MSM	438	
		FSW	443	
6.	RMC	MSM	582	
		FSW	618	
7.	No. of Presumptive Treatment (PT)	MSM	70	

		FSW	66
8.	Community Based Screening (CBS)	MSM	440
		FSW	430
9.	Free Condom Demand	MSM	73396
		FSW	111011
	Free Condom Distribution	MSM	47176
		FSW	58486
10.	Hot Spot Meeting	MSM	56
		FSW	60
11.	Alive HRG's on A. R. T.	MSM	06
		FSW	0
12.	S.T.I. Screening	MSM	18
		FSW	19
13.	TB Screening	MSM	964
		FSW	1089
14.	No of HRGs accessed clinical services (TI clinic+ PPP+Govt) (RMC+PT+Symptomatic+Abscess)	MSM	669
		FSW	703
15.	No of HRGs who have undergone HIV Screening (CBS + ICTC + FICTC) - Exclude HRGs undergone confirmatory test at ICTC to avoid duplication of data:	MSM	440
		FSW	430
