

(Mukhyamantri Laghu Evam Kutir Udyam) Training For Musical Instruments

The "Mukhyamantri Laghu Evam Kutir Udyam" scheme is a government initiative in various Indian states aimed at promoting small and cottage industries. The scheme often includes support for training, financial assistance, and resources for individuals or groups interested in starting or expanding small-scale businesses.

When it comes to musical instruments, this scheme may offer training programs to individuals who want to learn how to manufacture, repair, or sell musical instruments. This can be particularly beneficial for artisans and craftsmen involved in traditional instrument-making or for those interested in starting a small business related to musical instruments.
